# We can help you **Do** more.

SilverChef started over 30 years ago with one dream – to help you achieve yours. Since then, we've helped more than 50,000 hospitality businesses bring their business dreams to life.

## How it works.

With Rent-Try-Buy® you rent and get the equipment you need upfront, while still having the option to buy at a later time. And when we say 'equipment' we mean everything from stoves and sinks to coffee machines and chairs. You choose your equipment, make low weekly payments for 12 months, and get flexible options during and at the end of the agreement.

## Your options.

### At any time

---

#### Upgrade

Outgrown your equipment?

Simply return your item and upgrade to something bigger and better, and like for like.

---

#### Purchase

Everything's perfect?

Buy your equipment and get a 75% net rental rebate on your first 12 months' payments.

---

### At the end of your 12 month agreement

---

#### Return

Changed or closed your business?

Return your equipment and make no further rental payments.<sup>2</sup>

---

#### Continue renting

Still not ready to commit?

Keep on renting and the purchase price continues to drop.

---

#### Work towards owning

Want to own your equipment but spread your payments?

Easy Own® offers discounted payments over a two or three year lease.
